

Create Your Own Learning Environment Project

By Juliana Alusik
Middlesex County College, Spring 2017

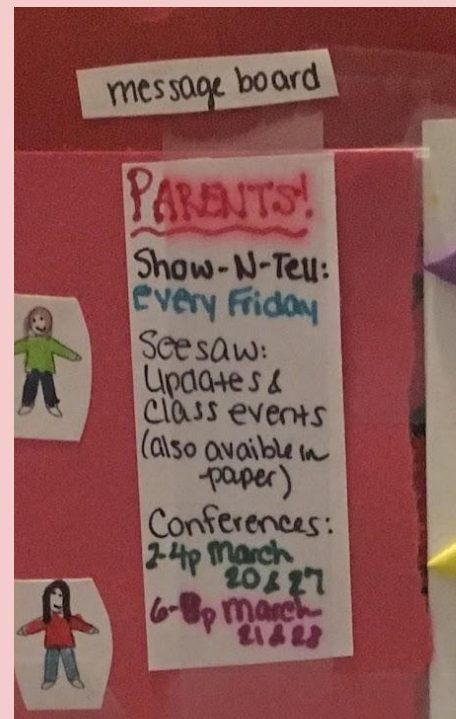

Learning environment for young learners based
on chapter seven of Introduction to Early
Childhood Education by Eva L. Essa (7th ed.)

Learn about the class! View our bulletin boards!

Welcome!
Here is the door and
parent message board.
Come on in!

Look
Around!

The classroom has a promethean board, with an easel and carpet for large group instruction. There are tables and chairs in the center of the room for each student. There is also an extra table for individual or small group work found nearest the door and teacher's desk.

The top right corner shows a bathroom for the classroom. The left wall is made up of three centers. From top to bottom these are: dramatic play, individual play with blocks and toys, and a library. There are also cubbies near the library and storage throughout the classroom. Decorations hang around the classroom, including student work.

Here is a magnified look into learning centers, and the art easel for student use.
